

LEISUREWEAR & TEAMWEAR 2019/20

**STAND OUT FROM THE
CROWD**

WHY CHOOSE TPX SPORT?

- ✓ **Our ordering process is straightforward and delivery is normally less than 4 weeks from approval of artwork**
- ✓ **We use some of the best factories around the world**
- ✓ **Top quality products at very competitive prices**
 - ✓ **No hidden costs for our customers**
 - ✓ **Friendly and reliable customer service**
- ✓ **3D Kit Designer - Our online 3D Kit Designer allows you and your team to customise your playing kit and team wear. You can choose from a range of designs, add your team colours, and share your design ideas with team mates.**
- ✓ **If you don't want one of our designs tell us exactly what you want and we will create it for you**
 - ✓ **Tried and tested products – clothing for champions**
 - ✓ **We LOVE the sports we serve**

CREATING AN IMAGE

SINGLETs

You tell us what you want and we make it for you.....

We produce all types of leisure wear and team wear in a choice of fabrics and either cut & sew or sublimated. Cut & Sew products have a cheaper base price but you have to pay extra for numbers, logos, crests, sponsors etc. whereas sublimated products include all these in the price. With sublimated products you can also be far more imaginative in your design.

We recommend a number of alternative fabrics for singlets. The normal choice is between polyester interlock and polyester mesh. They are the same price and both have full wicking properties to draw sweat away from the body to the front of the fabric. The alternative to these is cotton lycra which has a softer feel and because of the lycra content has more stretch. Below are just some designs to show what can be done.

€15.50

The price excluding VAT is the price for kids up to 34" chest. Sublimated price includes all logos, sponsors' details, crests, etc. These can be added to Cut & Sew garments at an additional cost of approximately €3.50 (excl VAT) per addition.

T-SHIRTS

Once again we can make whatever you want in your club colours.

These can be done in a choice of fabrics and either cut & sew or sublimated. With Cut & Sew products the base price is cheaper but you have to pay extra for additions such as numbers, logos, crests, sponsors etc. With sublimated products all these are included in the price. We can do both long-sleeved and short-sleeved t-shirts.

These can be made in a number of different weights. The normal choice is between polyester interlock and polyester mesh. They are the same price and both have full wicking properties to draw sweat away from the body to the front of the fabric. We do both 150-160gsm and 180gsm in both fabrics. We also use 180gsm cotton lycra which has a softer feel and more stretch. Below are just some Cut & Sew designs to show what can be done.

POLO SHIRTS

We can make whatever design you want and once again you have a choice of fabrics and either cut & sew or sublimated. We do both long-sleeved and short-sleeved polo-shirts.

We can give you a number of different options for these and can be made in a number of different weights. The most popular option is 170-180gsm Pique Knit polyester but we also offer our usual choice of polyester interlock or polyester mesh in 150-160gsm fabric. We also do polo shirts in 180gsm cotton lycra which has a softer feel and more stretch. Below are just some Cut & Sew designs to show what can be done.

HOODIES

Hoodies are one of our specialities and we have a number of options available including sublimated hoodies.

For sublimated hoodies we use 300-320gsm Speedo or Fleece Polyester, while for Cut & Sew hoodies we use 340-350gsm cotton fleece. This is a heavier weight than the fabric used by most of our competitors.
